Effective Semester ⓘ

Fall 2017 ▼

Curriculum ⓘ

It is important to ensure that the integrity of each individual program is maintained when selecting courses (maximum 12 credit hours) that may be used to satisfy the requirements of both programs. Please provide the following information:

Specify which, if any, graduate-level courses may be used to satisfy undergraduate and graduate program requirements (optional).

Provide any additional requirements that are unique to the dual degree pathway. Unique requirements may include certain courses, Areas of Emphasis, Thesis versus Non-Thesis (optional).

Provide a sample program of study for the dual degree pathway.

[Hide Details](#)

Include course prefix, course number, and credit hours for each course included in the sample program of study. For example:

ENGL 1101, 3

MATH 1101, 3

BIOL 1107-1107L, 4

Notes ⓘ

### Admission Requirements

Admission to the dual degree pathway does not guarantee admission to the graduate program.

#### Admission to Pathway

Address how and when students will apply to the dual degree pathway. Include specific admittance requirements, such as coursework, GPA, and required tests.

#### Admission to Graduate Program

### Career and Academic Opportunities

Include career and academic opportunities students are eligible for upon completion of the undergraduate and graduate programs of study.

### Resources (optional)

Describe any additional resources required to implement the dual degree pathway. If additional resources are needed, indicate how such needs will be addressed.

### Comments (optional)
